

HARD WAX & OIL + XLINK

STAIN AND SEAL WOOD IN ONE SIMPLE APPLICATION

Wood –Armour's Hard Wax & Oil + Xlink is a 100% solids, urethane modified polymer based on linseed oil. Due to its urethane modification, it has better chemical and mechanical properties when compared to standard oil based products.

Wood –Armour, unlike conventional varnishes, penetrates deep into the wood leaving a tough durable surface.

Protects and colours in one single application.
